

Life Sciences Clinical Trials Insurance

Ever-increasing regulatory requirements, rising costs and difficulties in patient recruitment have added new levels of complexity to the clinical trial process. As a result, more companies are looking beyond the United States to conduct clinical trials in countries around the world, creating opportunities for growth and a host of new risk management issues. In response to these challenges, Westchester Life Sciences offers a suite of products and services to meet the needs of clients with global clinical trial programs. Through a combination of our risk engineering capabilities and underwriting expertise we can help sponsors benchmark their risk management procedures against peer group companies, and reduce vulnerability to litigation through well designed consent forms and clinical trial agreements. In addition, our unmatched global service capabilities enable us to place locally admitted policies and issue timely certificates which facilitate trial approvals and minimize costly trial delays.
